Dear Sir

We are writing in support of Clydebank Women's Aid as we are concerned that their future will be in jeopardy if they are not fully funded.

Women's Aid is the only organisation that give advice and refuge to victims of domestic violence and without this vital service abused women would have no choice but to go to B & B accommodation with their children, where they would be isolated and without much needed support.

Refuges provide all-round support to abused women and a great emphasis is placed on safety and security. Clydebank Women's Aid has many years experience in the field of domestic violence and is much needed in the area.

We sincerely hope that you will make the decision to grant funding to the group.
