

29/10/97.

Dear Womens Aid,
I've written to my council
complaining about lack of funding for Womens
Aid.

I feel you provide a great service and on
no account should this service be discontinued.
There's a great need for this service and
without it, it just doesn't bear thinking
about because 45% of women need your
service at some point in time.

With the job situation now it's going to
get even more needed.

I hope someone in the Council takes
note of any letters you have backing you
up.

Yours Truly,
1
